11th September 2020

Dear Parent/Carers

Thank you for your support during this week when your child/children have returned to school. As you have previously been informed, school has and will continue to follow all GOV/DFE/LA and any legislative body advice in implementing systems and processes that keep children safe. Any system and process in place is under continual review and scrutiny so that changes and adaptations can be implemented ASAP.

We have as a result made the following changes:

- An additional entrance has been created for each year group (they now have a minimum of 2 to ease congestion / social distancing)
- Additional spacing guides have been painted on the ground to help students when entering school
- All students are now asked to put on masks as they start to enter school

Could we also ask you to remind your child/children that they have the responsibility for following the systems and processes in place. They have a duty to themselves, the school community and their wider family to keep everyone safe.

Thank you for your continued support
